

Happy Purim

FROM CHABAD OF YOUR TOWN

The Megillah, “The Book of Esther,” is the scroll which recounts the Purim story. In the times right before the Purim miracle, the Jews living in ancient Persia and its provinces were faced with the threat of annihilation. From the background, G-d’s hidden hand navigated events so that the Jewish people should be safe and secure. The holiday of Purim is celebrated with Megillah readings, gifts of food, charity, feasting, and merriment.

***G-d’s help comes in many ways - hidden and revealed.
May we all experience salvation this Purim.
Wishing you a happy Purim!***
